**Re: Asia - Middle East Trade - 20 Ft Heavy Duty Surcharge-June 15<sup>th</sup>, 2007**

Dear Our Valued Customers

Most likely you are aware of the fact that vessels have reached the maximum weight capacity recently due to increasing number of **heavy 20ft containers** on the westbound. This is causing liners to lose slots on the vessels. In order to compensate for this situation and enable us to provide high quality service, MOL has implemented the following **20ft heavy duty surcharge ( HDS )** on CMI WB as follows:

**Gross Weight**

< 14 tons

14 tons to < 20 tons

≥ 20 tons

**HDS Surcharge**

- no premium surcharge

- USD 150 /20ft

- USD 300 /20ft

With best regards,

MOL (Indonesia)
