Re: MOL Upgrades ZAX Service (South Africa) to Call MAPUTO, Mozambique

Dear our valuable customer,

MOL is pleased to announce service upgrades - **ZAX Service (South Africa)**.
from : Singapore - Durban
to : Singapore - Durban - Maputo

MOL is the only carrier will offer this direct service between Asia and Maputo. This service upgrade is believed to meet the needs of the active seaborne trade on those routes.

Maiden service: M/V MOL Agility V-4506A, departing Shanghai Port on January 17, 2008 (or departing Singapore January 26, 2008 to carry cargoes ex Far East South Asia)

We look forward to share this new direct service with our business partners.

With best regards,
MOL (Indonesia)
